ONE KIDNAPPING. ONE COLD CASE.  
TWO AMATEUR INVESTIGATORS.  
ONLY 48 HOURS TO SOLVE THE CRIME...

Jazz's best friend Anika has been kidnapped! She can't call the cops, so Jazz forges a shaky truce with her brilliant nemesis, Phoenix, to help her investigate.

Together, they uncover crime scene evidence. Sneaking into a forensic lab, they test DNA, fingerprints and more, to piece the clues together. The results are shocking. Could it really lead to a twenty-year-old murder case?

In a race against time, Jazz and Phoenix have only 48 hours to collect the evidence, profile the kidnapper and find their schoolmate's location, or Anika will die.

The clock is ticking...

# FEVER CRUMB

The Fever Crumb series is written by British author, Philip Reeve, and is the prequel series to his critically acclaimed Mortal Engines Quartet. Mortal Engines is coming out as an epic motion picture in 2018. The story is being filmed in New Zealand and is written and produced by the renowned award-winning director of the Lord of the Rings Trilogy and The Hobbit series, Peter Jackson.

## Fever Crumb

Philip Reeve

**\$16.99**

The author of the best-selling and critically beloved Mortal Engines quartet has written a stunning, stand-alone prequel. *Fever Crumb* is set many generations before the events of Mortal Engines, in whose brilliantly-imagined world massive, predatory Traction Cities chase and devour each other. Now London is a static, overcrowded, riot-torn powerhouse that hides an explosive secret. Is Fever, adopted daughter of Dr Crumb, the strange key that will unlock its dangerous mysteries?

## The Fifth Room

Allison Rushby

**\$18.99**

When a brilliant high-school student is invited to join an international secret society, she leaves everything behind in pursuit of the high-stakes rewards it offers. When Miri discovers her boyfriend is also in the society, they must pretend they don't know each other, as the students are pitted against one another to push the boundaries of medicine using illegal self-experimentation. Miri's experiment involves a new combination of specially timed drugs that could mean never needing to sleep again. As her experiment progresses, and she spends more and more hours awake, she finds that all is not as it seems. When the group realises that there is a secret fifth student experimenting alongside them, the stakes are raised dramatically. Now they must decide how far they will go to with their research . . . and some, it seems, are willing to go much further than others. When it becomes clearer to Miri that the secrets in this society are deeper and more dangerous than she bargained for, she starts to question the true purpose of the secret society, and who lies behind it. Gripping and page-turning, *The Fifth Room* is a psychological thriller in which no one is to be trusted, not even yourself.

### Sales Points:

- Gripping and page turning — full of suspense, action — *un-put-down-able!*
- A strong female protagonist with an appealing 'book boyfriend' (and appeals to both genders)
- An intelligent, commercial, psychological thriller with an unreliable narrator
- International appeal — set in the US, England and mainland Europe
- Self-contained but with a plot-twist ending that opens the story for potential sequel/s
