

Christmas Tree Dove

What you need:

- White A4 paper
- Scissors
- Dove template
- Metallic card
- Black permanent marker
- Clear tape
- Hole punch
- Ribbon

What to do:

1. Accordion-fold a piece of white A4 paper into 1.5 cm folds.
2. With scissors, round off the corners on both ends of the folded strip.
3. Use the dove template to trace the dove's body onto a sheet of metallic card.
4. Cut out the dove.
5. Carefully make a small slit (slightly bigger than 1.5 cm) in the centre of the dove.
6. Use a black marker to draw in the dove's eye.
7. Push the folded paper through the slit and fan out the wings.
8. Tape the wings together at the top with clear tape.
9. Punch a hole through the taped area.
10. Thread a ribbon through the hole and hang from the tree!
