

“COSMIC CARGO” CASE STRIPS

Supplies*:

- Diagonal-striped reproducible (printed from page 2 of these instructions)
- “Cosmic Cargo” reproducible (printed from page 3 of these instructions)
- Caution tape (optional)
- Colored paper
- Scissors
- Tape

Directions:

1. Print several copies of the diagonal-striped and “Cosmic Cargo” reproducibles from pages 2 and 3 of these instructions. You will need approximately four copies of the striped reproducible and one copy of the “Cosmic Cargo” reproducible for every two Book Fair bookcases. As an alternative, you may wish to purchase caution tape instead of printing the diagonal-striped reproducible from page 2 of these instructions.
2. Cut the diagonal-striped and “Cosmic Cargo” reproducibles into 32mm strips.
3. Tape the diagonal-striped strips or caution tape to the top of your Book Fair bookcases as pictured above, centering a “Cosmic Cargo” strip on each side of the bookcase.

Note: Be sure to remove the strips before you pack up your Book Fair.
